

Plain Paper Plan Printing

As well as our Tyvek® based Tuffplans we also print plans on Plain Paper.

What grade of paper do we use?

When we print plans on plain paper we use high grade 90gsm white paper stock.

High Resolution Print

The printer we use provides high resolution output, colours are accurate RGB or CMYK, hatching and other fine detail created with the CAD software is reproduced accurately. Most plan printers cannot print the fine detail, grey scaling or the hatching that we can with our equipment.

The images and text that we print on your pages is water resistant and UV resistant, while the paper may be affected by dampness the printed images will not be affected.

Colour or Black & White?

AutoCAD and most other CAD software will output their PDF files in Colour however many users will print in B&W due to the cost, our process bring colour to plans at a reasonable cost.

There are many studies that show Colour plans on a project saves costs as fewer mistakes are made by Project Managers and workmen as they can clearly differentiate between materials, services and other detail.

Our per page Colour pricing is lower than other inferior plan printers.

Scaling

We can accurately scale output to any size, up from A3 to A2, A1 and A0 or down from A0 to A1, A2 and A3.

Scanning

If your plans are in hard copy rather than in PDF we can scan your sheets from any size up to A0. The scanned images can be supplied back to you in PDF format for archiving or reprinting.

A small per page charge applies to our scanning service.

How to send files for processing

It's easy to send us files for processing:

- If your files are smaller than 5Mb they can generally be emailed to us at sales@tuffplans.com
- If your files are larger than 5Mb it is best to use our upload facility, go to www.tuffplans.com and click on the 'Upload Icon' and follow the instructions.
- It is important that you provide us with clear instructions so that we know exactly what you want us to do with your files. We can email you a sheet for you to complete or you can download one from our website.
- As soon as we receive your files we will begin processing and put on Post Haste Couriers that evening for delivery to you the next morning*.
- You can choose whether you would like your plans folded and placed in a Courier Satchel or rolled and placed in a Mailing Tube. Shipping rates can be viewed on our web site.
- If you want to send us hard copies of your plans for scanning and printing please email us and we will give you an address for you to Courier the plans.
- Our website is now smart phone and tablet friendly so you can send us PDF's directly from those devices.

Quotation First?

If you would like a quotation before we print your job please email us the full details including: **No of Pages, No of Copies Required, Colour or B&W, Scaling** and any other relevant information. We will respond with a detailed quotation which will be the basis of our Invoicing to you.

*Delivery, while we say 24 hours, this is subject to time of receipt of files and any Courier issues.

* Prices shown are per sheet and apply only to typical architectural plans, do not apply to posters & other prints.

** GST of 15% added at time of Invoicing. Shipping charges additional.

Payment

New customers will need to complete our 'Account Detail' form which we can email to you or it can be downloaded from our website.

New customers will need to pay for their job prior to delivery, we can open a seven day account after that first job. Our Trading Terms are Net seven [7] days after the date of the Invoice.

Presentation

Plans can be packaged either folded to fit in an appropriate sized Courier Satchel or left flat and rolled and placed in a tube.

For plan sets of more than 15 sheets we suggest that the set be stapled together and bound with tape, this keeps the sheets in order and together. We place a cover sheet on the set, this sheet shows the Project Name and Address. *There is a charge of \$15 for the Cover Sheet and Binding.

Shipping

We use Courier Post for shipping orders, Courier Satchels provide an overnight delivery to most areas of New Zealand, RD delivery is two days, Rolled Plans in a tube is overnight delivery to North Island and two days to the South Island, add an extra day for RD.

A sheet showing Shipping Charges can be downloaded from our website or we can email one to you.
